

1 Information on the occurrence of trends and events in the market environment of the issuer, which in the issuer's opinion may have important consequences in the future for financial condition and results of the issuer

The first information about agricultural subsidies for the entities producing biogas for 2010 were published in June. Sixty projects will be granted, it means 100% more than last year. The final confirmations should be announced in July. So we suppose that some of the UTS Biogas, a. s. customers will be successful and we will start the projects realisations.

We got confirmation for our biogas station Cihost subsidy, so we immediately started the project building preparation. The station will start operations till the end of 2010.

The Agroprodukt plus, a. s. intensively produce raw agricultural materials for Zavidkovice biogas station. At this area we finish our entry to agricultural company Druzstvo vlastniku Petrovec, where we could build new biogas station (620kW). The proces of entry should be done in July.
